

Ski-4-e was established to fight pediatric liver disease and to promote organ donation. "E", the nickname of Chad and Debbie Glaser's son, Ethan, was born with Biliary Atresia, a rare liver disease. At the age of two, Ethan needed a liver transplant, and received his "gift of life" from Chad. On March 3, 2007, Ethan asks you to join him in raising funds to fight liver disease.
